

## Travel narrative

Oct 26 2012 Detroit Indian Center

Oct 27 2012 Cristo Rey Community School, Lansing, MI

Councilors Otto, Keshick and Treasury Director Michael Garrow left Petoskey at 9:30 am Fri Oct 26 and arrived at the Detroit Indian Center at 2 pm. We found the location and set up by 2:40 PM. everything was ready at 3:00 PM. We waited till 3:30 to start meeting due to a light turnout (less than ten). A variety of questions were fielded about the Proposed Casino, Wet Lands Statue and Services provided to out of Service Area Members. It was relayed to the attendees of the 99\$ Per Cap increase which was received positively.

The Meeting ended at 5:50 (The building had to be secured at 6 PM.)

After a night in Lansing We went to the meeting site at 1717 North High, apparently we had a mix up in address locations where some folk s went to the wrong address, councilor's Otto and Keshick went to the other site to post directions to the N. High St location, this mix was not received well by some of the attendees

The meeting promptly started at 3Pm Items brought to our attention Included.1. Nor-am, why didn't we keep trying to build in the Mackinaw area back then.2. Wetlands 3. Cost and financing 4.Compact requirements 5.Services to out of service area members who are a majority of members in our Tribe. 6. Language 7. Health care 8. Satellite Health Care Locations 9. Per cap

Altogether it was a good exchange that indicated we need to expend more Time and energy and resources to out of area Tribal Citizens.

Respectfully Submitted
